

Save Me

You're chopping down my trees,
You're killing my animals,
Please stop,
Save me.

Stop littering my beaches,
Give me back the trees you have taken,
Please do what I say,
Save me.

Pick-up the glass, rubber, and plastic on me,
Get the trash out of my waters,
Please take action,
Save me.

You're dumping oil, gas, and chemicals in me,
I am disappearing,
Your beautiful coast and marsh,
Please do something,
Save me.

Your foolish games are killing me,
I have been here long before you,
Please hurry,
Save me.
